Nuts & Allergens Information

Allergens

All 14 allergens are handled in our kitchen. While we take every reasonable precaution to avoid cross-contamination, we cannot guarantee that any product is entirely allergen-free

Nuts

We must also make you aware that as we prepare and cook all of our food some of which includes nuts in one kitchen and whilst we take precautions, due to the potential for cross contact in our busy kitchen it is possible that there may be nuts or traces of nuts in the food delivered to you

Fully Prepared, Oven ready, Heat & Serve

on the Table to Serve within 90 minutes

Hardly anything for you to do

You just need to follow the instructions put in the oven

Have a glass (or maybe a bottle) of Bucks Fizz

Put your feet up mingle with your guests

Tens of Dirty Greasy Pans

None of those to wash up just throw away after the meal

Step by Step Instructions

Comes with full step by step timed instruction

Comes in foil containers with lids chilled

Choose ONE starter and ONE pudding from the selection

the canapes come with all three types

These cooking instructions are only a guide. Your appliance may have a personality of its own (or a different power rating). Please adjust accordingly.

Instructions

Put the contents of the box straight into a fridge as soon as they are delivered

Dependant on your oven the meal takes approximately 90 minutes to be piping hot & ready to serve

On the day

Pre heat oven

(as a guide only Gas 200 degrees/Electric mark 5)

There are only two containers labelled potatoes & parsnips

Take the potatoes remove the lid, stir the contents gently and put into the pre heated oven, turning every so often

30 minutes before eating take the lid off the parsnips stir gently and put in oven along with the turkey which you leave the lid on

25 minutes before serving take the lid off the pigs in blankets & stuffing and put in the oven

20 minutes before serving put the remaining containers (carrots/sprouts & leeks) in the oven keeping the lids on

Ensure all the food is piping hot before serving. The best way is by using a Probe Thermometer and making sure all the food is 75 degrees centigrade or above. Alternatively you can insert a fork into the food for a few seconds and remove it should feel hot to touch. At this point heat up the Turkey gravy & serve with the cranberry sauce

BEWARE

When taking the lids off hot containers always do so carefully as steam will come out and could cause scolding/burning

The containers have liquid in them which if they spill will cause a potential slip hazard and when hot could cause scolding if spill and when taking the lids off

IMPORTANT

Only re-heat this once **DO NOT REHEAT AGAIN**

DO NOT PUT INTO MICROWAVE IN THE FOIL CONTAINERS THEY ARE DLIVERED IN
